## Limitations on Warranties and Liability

All implied warranties on this media, software, and manual, including implied warranties of merchantability and fitness for a particular purpose, are limited to ninety (90) days from the date of the original retail purchase of this product. Neither One Mile Up, Inc. nor any of its suppliers make any warranty or representation, either express or implied, with respect to the software described in this manual, its quality, performance, merchantability, or fitness for any particular purpose. The software is sold “as is”. The purchaser assumes the entire risk as to its quality and performance.

In no event will One Mile Up or its suppliers be liable for direct, indirect, special, consequential, or incidental damages resulting from any defect in the software or manual, even if they have been advised of the possibility of such damages. In particular, they shall have no liability for any programs or data used with One Mile Up products, including the cost for recovering or reproducing these programs or data.

The warranty and remedies set forth herein are exclusive and *in lieu of* all others, oral or written, express or implied. No One Mile Up employee, dealer, or agent is authorized to make any modification, extension, or addition to this warranty. Some states do not allow exclusion of implied warranties or liability for incidental or consequential damages. Therefore, the above limitations and exclusions may not apply.

## One Mile Up, Inc. Software License

One Mile Up grants you the right to use one copy of this software on a single terminal connected to a single computer (i.e., with a single CPU-central processing unit). You may not network the software or otherwise use it on more than one computer or computer terminal at the same time.

This software is owned by One Mile Up and is protected by United States Copyright laws and international treaty provisions. Therefore, you must treat the software like any other copyrighted material (e.g., a book or musical recording) except that you may either (a) make one copy of the software solely for archival or backup purposes, or (b) transfer the software to a single hard disk provided you keep the original solely for archival or backup purposes. You may not copy or scan the printed materials accompanying the software. Under copyright law, copying includes the translating to another language, platform, or format. **All logos, insignia, patches and seals are for official use of the government only.**

*We believe that the Federal Clip Art™ collections are the highest quality, most professional collections of computerized illustrations available. If, for any reason, you are dissatisfied with this product simply return it inside it's original package (original disks, container, and documentation) to One Mile Up, Inc. with a copy of your receipt within 90 days of purchase and we will gladly refund your money.*

## Understanding File Names

The title of each graphic illustration appears beneath the image, along with the path showing the directory/folder in which this image resides.

Version 3.x of the Federal Clip Art™ Collections is only Windows® 95/NT compatible, because all files have long file names, that are identical on the Macintosh® and Windows® platforms.

When a file title ends with the pound sign “#”, it means that the file is in color, otherwise the file is black and white.

**New folder marker**  
Every time images from the next folder start, there will be a New Folder Marker, along with the path to that folder.
